

OUR MISSION

We improve the quality of life by making the world more productive and sustainable

OUR VISION

To be THE most valued global provider of innovative industrial automation and information products, services and solutions

OUR VALUES

Guiding Behaviors

CUSTOMER

- Improve loyalty through exceptional customer experience
- Bring creativity and determination to help each customer be successful
- Take ownership of issues and don't quit until the customer is satisfied
- Develop enduring relationships with outstanding partners

INNOVATION

- Be open-minded to new ideas
- Create new value from changing business trends
- Value different approaches to problem solving
- Take calculated risks to find creative solutions

PURSUIT OF EXCELLENCE

- Improve ourselves and our work while measuring progress
- Seek out and adopt best practices
- Have a passion to win and deliver high quality results
- Optimize our end-to-end processes

SPEED

- Identify ways to accomplish goals more efficiently
- Make decisions and meet commitments with a sense of urgency
- Recognize and take action when off track
- Drive new ideas to execution

INTEGRITY

- Model our code of conduct with all stakeholders
- Self assess with honesty and be accountable for your choices
- Communicate openly and honestly
- Challenge unethical conduct

PEOPLE

- Value our differences and treat each other with respect
- Recognize and celebrate performance
- Collaborate, team and win together while being flexible in our global workplace
- Care about each other and the communities where we live and work
